Product Description

The Netis P3502CE is a compact 2-port PoE switch with a 100Mbps input port, designed for home, office, and small business networks. Supporting the IEEE802.3at standard, it delivers up to 30W full-load power for IP cameras, access points, and other devices. With two modes—standard switch and extended transmission—and plug-and-play setup, this PoE switch ensures reliable, fast, and easy network deployment without configuration.
