Product Description

The HP Pro 290 G9 Tower (B70T9AT) is a reliable business desktop designed to handle everyday computing tasks with ease. Powered by a 12th Gen Intel® Core™ i5-12500 processor, 8GB DDR4 memory, and a fast 256GB NVMe SSD, it delivers smooth performance for office applications, web browsing, multitasking, and business productivity.

Its tower design provides room for future upgrades, allowing users to expand memory and storage as their needs grow. With multiple USB ports, HDMI, VGA, Gigabit Ethernet, and integrated Intel® UHD Graphics 770, the HP Pro 290 G9 offers the connectivity and performance required for modern workplaces, educational environments, and home offices.

Key Features:

• Intel® Core™ i5-12500 Processor (12th Gen)

• 8GB DDR4 RAM
• 256GB PCIe NVMe SSD
• Intel® UHD Graphics 770
• Multiple USB, HDMI, and VGA ports
• Gigabit Ethernet connectivity
• Expandable tower design
• FreeDOS operating system

Ideal for business users, students, and professionals seeking dependable desktop performance at an affordable price.
