Product Description

Product Description

The Acer Aspire 3 315-24P-R2AG Ryzen 5 7520U Laptop is a reliable everyday laptop designed for students, professionals, and home users who need smooth performance for work, study, and entertainment. Powered by the AMD Ryzen 5 7520U processor, 8GB RAM, and a fast 512GB SSD, it delivers responsive multitasking, quick boot times, and efficient performance for daily computing tasks.

The 15.6-inch Full HD display with a 1920 × 1080 resolution provides crisp visuals and vibrant clarity, making it ideal for web browsing, streaming, online meetings, and document editing. Finished in an elegant Silver color, the Aspire 3 combines a sleek, lightweight design with dependable Windows 11 performance for productivity on the go.
