Product Description

Product Description

Dominate every game and demanding workload with the Lenovo Legion 5 15IRX10 Gaming Laptop Core i7-14700HX RTX 5060. Built for gamers, streamers, and content creators, this premium gaming laptop combines Intel's powerful 14th Gen Core i7 processor with NVIDIA's next-generation RTX graphics to deliver exceptional performance, ultra-fast responsiveness, and immersive visuals.

Powered by the Intel Core i7-14700HX processor, 16GB DDR5 RAM, and a 512GB / 1 TB NVMe SSD, the Legion 5 handles AAA gaming, video editing, 3D rendering, and heavy multitasking with ease. The NVIDIA GeForce RTX 5060 8GB graphics card delivers advanced ray tracing, AI-powered DLSS technology, and high frame rates for modern games and creative applications.

The stunning 15.1-inch 2.5K OLED display with a 2560 × 1600 resolution and 165Hz refresh rate offers vibrant colors, true blacks, ultra-fast response times, and incredibly smooth gameplay. Lenovo's advanced Legion ColdFront cooling system keeps temperatures under control during extended gaming sessions, while the premium

Eclipse Black chassis and RGB backlit keyboard complete its flagship gaming aesthetic.

Running Windows 11, the Lenovo Legion 5 is designed for users who demand elite gaming performance, premium display quality, and reliable productivity in one powerful machine.
